

InstantVideo To-Go Video Transfer Accelerator

Quick Conversion for your Video iPod & Mobile Phone

- > Import ANY Video File Into Instant Video To-Go's Simple Interface
- > Instant Video To-Go Encodes Your Video Into H.264
- > Synchronize Your New Video with Your iPod, Mobile Phone or Portable Media Player

With software conversion often taking 4-10 times longer than real time, Instant Video To-Go, Video Transfer Accelerator converts up to 5 times faster than real time. Instant Video To-Go, Video Accelerator is the first hardware H.264 conversion solution for consumers, preparing your videos for easy playback on portable players.
